

Modular Storage

The **Modular Storage** collection with hinged doors is available as single storage units as well as storage walls in various heights and widths. The cabinets come in black or lily white melamine with an integrated aluminium handle, with or without locks. Available in veneer on request.

Bulo Designers

The Bulo Team consists of architects, interior designers, product developers and craftsmen. With passion for furniture and eye for detail we strive to create products that make people find pleasure in their daily activities. Since the founding of the company, we've always had a great eye for tendencies in the office and furniture industry. We're not afraid to explore the unexplored, which led to the creation of multiple innovative collections, such as the organic 'Kei' tables in 2008, the 'grID' collection inspired by De Stijl in 2012 and the modular 'Dan' series in 2014.
