## REIMAGINING WORKSPACES

We are excited to share a recent cutting-edge project, commissioned by Immogra, that took the interior of the Onyx building at Park 7 to a whole new level.

Park 7 is a large communal site with both working and living spaces, located near Brussels airport. Bulo designed and coordinated the interior of the meeting facilities in one of the buildings on this remarkable location.

### Collections in this project

TAB Lounge by Alain Berteau  
Monica by Bulo design in collaboration with Gensler  
Senses by Nathalie Van Reeth  
SL58 by Léon Stynen
