

GOCCIA DESK

IN COLLAB WITH CASPER SCHWARZ

Bulo

CASPER SCHWARZ

Casper Schwarz is a renowned interior architect based in Utrecht, specializing in creating functional designs that emphasize simplicity and human experience. His work blends modern aesthetics with sustainable materials and layouts, prioritizing well-being and balance. With a background in both architecture and interior design, Schwarz's projects span offices, hospitality, and residential spaces. He is known for crafting environments that enhance both form and function, making him a prominent figure in contemporary interior architecture. Recently, Schwarz teamed up with Bulo where he designed the Goccia Desk in which you can see Casper Schwarz's style reflected beautifully.

GOCCIA DESK

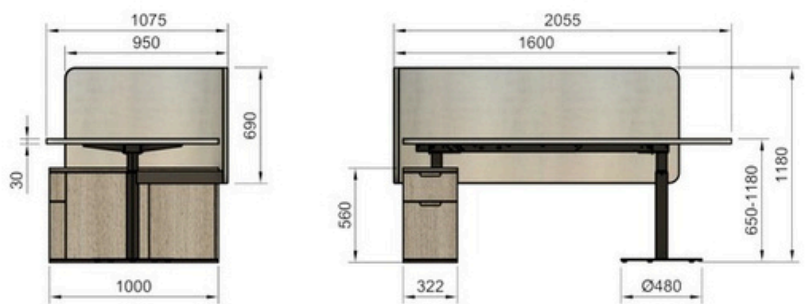

Goccia is the essence of modern workspace design. Both elegant and functional, it seamlessly adapts to different environments. Goccia is a versatile desk that embraces fluidity in form and purpose. Its asymmetrical tabletop provides ample working space, while the integrated privacy panel ensures focus and comfort. The desk is supported by a sleek metal base and a storage unit, offering both stability and convenience. Designed for both individual and collaborative settings, making it an essential piece for contemporary offices. The name comes from the word droplet in Spanish, which the shape of the table top resembles.

Goccia desk - 2000mm

FENIX NTM® is a super opaque nanotech material. It combines elegant aesthetic solutions with state-of-the-art technological performance. The external surface of FENIX NTM® involves the use of nanotechnology that allows thermal healing of superficial micro-scratches. FENIX NTM® has low light reflectivity, is anti-fingerprint and features a very pleasant soft touch. It is highly resistant to scratches, abrasion, rubbing and dry heat. It significantly reduces the bacterial load making its surface hygienic and easy to clean. It is also liquid repellent and mold-proof.
